

Ambra Le Roy

MEDICAL PRODUCTS

Serving the Industry Since 1937

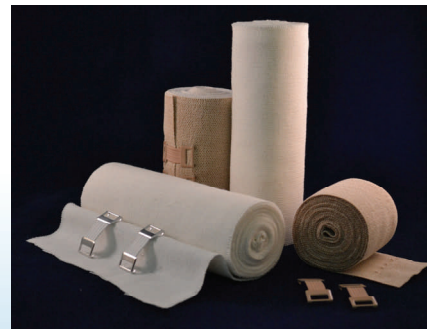

Über-Wrap™ Bandages

Our latex-free Über-Wrap™ short stretch bandages are well-suited for low compression applications and the treatment of lymphedema, edema, post-surgical swelling, venous-stasis ulcers, sports medicine injuries, and deep vein thrombosis.

It is commonly applied as an over-wrap to reinforce our Gentle Band™ lymphedema bandages.

The 85% cotton and 15% cellulose construction holds up to frequent usage, repeated laundering and is made for durability and comfort.

These short stretch bandages are available individually wrapped and packaged with stretch clips.

Part Number	Width & Length	Packaging
